

## VACANCY – Underwriter Property–Construction – Netherlands

### Job description

We are currently looking for an Underwriter for our Property & Construction underwriting department. This job involves working alongside the other Underwriters and Assistants in the team to provide customers with appropriate insurance protection for their Properties and consequential losses.

You will spend the majority of your time: liaising with customers and brokers, driving underwriting decisions, contributing to business development activities, and contributing to technical audits.

You will deal with customers and brokers on a one-to-one basis, closely work together with other colleagues and be part of a team. You will have strong analytical, relationship management and communication skills.

You have a clear ambition to further develop in Underwriting and you are passionate about your development in Property and/or Construction specifically.

### Responsibilities

- Reviewing allocated cases and delivering underwriting decisions within agreed timeframes, in order to secure profitable business within authority level and risk appetite.
- Accessing and applying all appropriate sources of information and insight in order to best satisfy the needs of brokers and customers.
- Establishing an effective relationship with Underwriting, Claims colleagues and others.
- Contributing to the creation of segment and local business development plans which identify existing and regular flow of new business opportunities.
- Clearly and positively articulating our proposition and risk appetite.
- Maximising profitable business growth through:
  - Reviewing allocated existing business and/or seeking out and following up on new business cases.
  - Effectively negotiating and delivering underwriting decisions through following agreed processes at designated authority levels.
  - Accessing senior direction and support as appropriate.
  - Promptly identify and escalating those non-standard, large and/or complex cases to more qualified colleagues and work with them to deliver an outstanding service to the broker/customer.
  - Developing a trusted, deep and long term relationship with selected brokers to generate, progress and close new, up selling and cross selling business opportunities.
- Being aware of and adhering to our regulatory framework at all time.
- Capturing and recording of data in timely and accurate fashion.
- Progress through license levels in accordance with development plan.

### Required skills and experience

- You ideally have 2–6 years experience in Property and/or Construction Insurance and you have completed education at minimal higher educational level.
- Additionally you have completed the WFT-exams. You are prepared to do additional training if required for the job.
- You are well versed in working with (excel-)data, tools and systems.
- Your English is at a good level, both verbal and written.
- You are an effective team player and you add value by your organised way of working.
- You have a commercial minded attitude combined by with a passion for achieving results.

Please note: the role is based in Rotterdam, with the possibility to work remotely. You may be required to travel occasionally.

## Company profile

With a 300-year heritage, RSA is a multinational insurance group. Focusing on general insurance, RSA's core markets are Europe, the UK & Ireland, Scandinavia and Canada, with the capability to write insurance business in over 100 countries. RSA's core businesses have around 13,500 employees with net written premiums of £6.4bn in 2019.

With significant operations across the globe and a market leading position in the UK, our European operations provide the best of both worlds; agile and dynamic country offices with deep market expertise and a freedom within the framework of a large multinational that enables us to work on some of the largest and most complex projects.

Customers say that RSA is an insurer that they trust and like doing business with thanks to the people and we've built our business on a set of simple human beliefs: that individuality is an edge; that people come before processes; that different perspectives create fresh opportunities.

RSA in the Netherlands employs 45 people and is located in the centre of Rotterdam. Lots of people work for a global company. But RSA is the global company that works for you. Whoever you are, wherever you want to go. Because we don't just value individuality – we've built our business on it.

And given we are based in the tallest office building in the Netherlands, you can be sure we'll give you a different perspective too.

### Latest update on RSA:

RSA Insurance Group has officially become part of Intact Financial Corporation, following the transaction that has been completed on 1st June 2021.

Bringing together RSA and Intact will enable us to accelerate on our strategy as we continue to focus on outperformance across our business. Together, we will continue to focus on delivering great customer experiences and creating significant value for our shareholders.
